

WHERE YOU CAN READ THE JOURNAL?

You can read the first Issue in the internet site of the [UISPP Journal](#)

DO YOU WANT TO SUBMIT A PAPER?

Please follow the instruction that you can find in the UJ web site in the section "[submit your paper](#)"

DO YOU WANT TO BECOME A REFEREE?

Please send your expression of interest to marta.arzarello@unife.it

The UISPP Journal is an open access journal published on-line every four months by the UISPP

ISSN 2612-2782

UISPP^{UISPP} NEWSLETTER LE COURRIER^{UISPP} DE L'UISPP

N°3 - March / Year 2019

THE UISPP JOURNAL IS NOW ON-LINE

The volume 1 of the UISPP Journal is on-line and fully open-access.

The UISPP Journal is a peer review journal published by the International Union of Prehistoric and Protohistoric Sciences each 4 months. Additionally, to the normal issues, the UISPP J will publish special issues (always with a peer review policy) reserved for congresses and conferences proceedings.

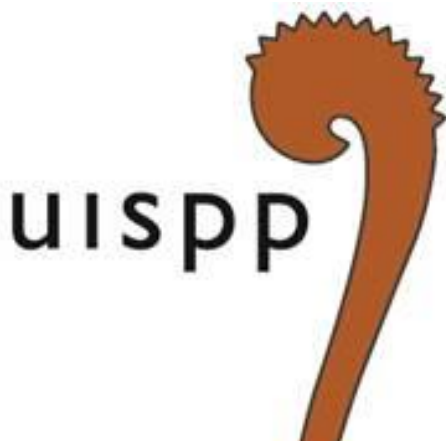

The UISPP J will maintain a strong policy of open access and any charge will be never asked to the authors or to the readers. All expenses will be taken in charge by the UISPP, and for this reason only UISPP members will have the possibility to submit papers.

The peer review policy will be applied to all issues and the estimated time between the article submission and the publication in maximum 3 months.

UISPP J accepts original articles about Prehistory, Protohistory and all related disciplines. The manuscripts must have a minimum length of 7,000 characters (spaces and bibliography excluded) and a maximum length of 60,000 characters (spaces and bibliography excluded).

The principal languages of the journal are English and French, but submissions in all languages of the European Commission are equally welcome. In the future, additional languages will be added based on the availability of technical and economic resources. If the article is submitted in a language other than English, you must provide the title, keywords, captions, and a long abstract (minimum 3000 characters excluding spaces) in English.

UISPP WORLDWIDE CONGRESS 2020: UNIVERSITY MOULAY ISMAIL - MEKNES (MOROCCO)

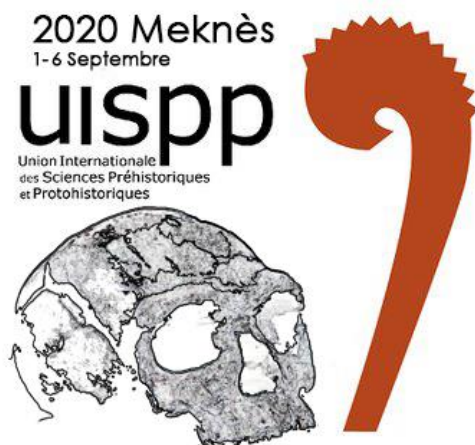

The next worldwide UISPP Congress will take place in the imperial city of Meknes (Morocco) from August 31st to September 5th 2020. The historical and medieval city of Meknes, accessible by low cost flights via Fez and with an important and non-expensive set of hotels, is a welcoming place, accessible to a reduced budget. The special theme of the Congress will be dedicated to the « Evolution of Human societies from Prehistory to Proto-history ».

The Web site of the congress will be opened very soon (please check the UISPP website), and the main deadlines are:

May – October 2019: proposals for the sessions.

December 2019 – April 2020: communications and posters proposals.

LOCK THE DATES IN YOUR AGENDA!

UISPP EXECUTIVE COMMITTEE MEETING: SEPTEMBER 26th- 28th2019 - TIMISOARA (ROMANIA)

Thanks to the collaboration of our Colleagues Dan Stefan and Valeriu Sirbu, the West

University of Timisoara (Romania) will host the next UISPP Executive committee meeting. The meeting will be open to all Commissions Presidents (or to their representatives) and a small symposium will be organized in order to allow each committee to present the most important new researches: **“Prehistory and Protohistory: the trends of future ten-year researches”**. The proceedings of the symposium will be available in the UISPP internet site.

PROGRAMME

Thursday 26th: arrival of the guests

Friday 27th: meeting with the University staff and presentation of the University – EC meeting – Symposium (first part)

Saturday 28th: Symposium (second part) – Informal meeting (evening)

Sunday 29th: departure of the guests.

For more information: info@uispp.org

The West University is an institution of the National System of Research, Development and Innovation in its capacity as an accredited higher education institution. The West University of Timisoara was formally established in 1944. In 1948 it was inaugurated the Pedagogical Institute, through the Faculty of Mathematics–Physics, in 1956 the Faculty of Philology is added, with five specializations (Romanian, French, English, German and Russian), and from the academic year 1959–1960 the three-year pedagogical faculties (history–geography, biology, chemistry, music, plastic arts and physical education).
